

“Ho Down” – September 5th 2018

SEX WORKER ONLY EVENT

My Health Record

How does the new “Opt Out” system effect you!

You may or may not have heard that the Federal Government has changed the way in which the My Health Record operates, and that it is now an “opt out” rather than an “opt in” system.

It’s important that, as sex workers, we are all aware of how this can affect our private health records, and how we can prevent our information from being shared without our knowledge and consent.

Come along to our September Ho Down and learn all about your rights & responsibilities and how to exercise them.

Light supper provided. Please RSVP to info@sin.org.au

Where: SIN - 220 South Road Mile End 5031

When: 5pm - 8pm Wednesday 5th September 2018
