

**SIN Male** is for working guys in South Australia – whether it's sex for favours or money; whether you're gay, straight, bi or anything else; if you work for yourself, with a partner or an agency; whether you're touring through SA or working in a regional or remote area.

Contact the **Male Project Worker** with questions, or feedback, on what's happening in your neck of the woods. Or come along to one of our regular meet-ups, just for working guys.

I'm in the office **Tuesday** and **Thursdays**, but you can drop in, or give us a call, **Tue-Fri 9.30am-5.30pm**

**SINMale is online:**

South Australian Adult Industry Workers Association

**SIN** provides advocacy, support and information to sex workers in whatever capacity they need; including legal, health, or personal matters.

We have strong ties with sex worker communities across the globe and have Trans & Gender Diverse, CALD, Street based, and Female project workers.

**All of our services are confidential.**

- New worker training
- Industry and best-practise workplace advice
- Referrals to sex worker friendly services
- Advocacy and support when dealing with other agencies
- STI and health information
- Clean Needle Program
- Workshops specifically for working guys

SIN has been a peer based organisation, offering support, information and peer-education, **since 1989**. Originally the Prostitutes Association of SA (PASA), community members formed the group as a reaction to police harassment and to begin health promotion campaigns. SIN now continues that work. Under the guidance of the Scarlet Alliance (Australia's national sex worker rights organisation), SIN is working toward becoming an autonomous sex worker rights organisation, to better serve and represent sex workers in SA.

## What's your flavour?

SIN shop has a huge range of condoms and lube for hard-working guys.

## SIN is out and proud!

Though, we understand not everyone can be. SIN has sex worker only events and parties throughout the year, as well as an on-going decriminalisation campaign.

All sex workers, past and present, are welcome to become a part of SIN – socially or politically.

We welcome volunteers, whether on outreach or in the SIN office. We offer regular peer-based training and invite all SA sex workers to our monthly Program Committee meetings to have their say in the wages of SIN.

**SIN is a peer-based organisation:** we're all sex workers working to improve the health, rights and well-being of sex workers in South Australia.
