South Australian Sex Industry Network

SIN and the sex working community would like to thank you for shopping at the SIN SAFER SEX SHOP.

When you shop at SIN you are not only receiving discounted condoms, lubes and safer sex tools but you will also receive the latest product support from our experienced staff, the opportunity for free delivery with our outreach programs and an opportunity to keep up to date with general sex industry news and activities. On top of all of this, you are supporting the sex working community.

SIN receives very limited funding for our work. The small profit made from the shop is the main source of funding for many of our projects and activities. These include the production of the SIN Magazine and other recourses, the outreach services to street workers, advocacy and campaign work to advance the rights of sex workers, community education which reduces stigma and discrimination against sex workers, an array of sex worker social events as well as providing emergency condoms and lube packs to the most vulnerable sex workers.

We thank you once again, and look forward to your continued support in the years to come.
